

# McHenry County Mental Health Board Network Outcomes Summary Report for FY2026 – Quarter 1

## Fee for Service, Purchase of Position and Grant

55 Programs at 26 agencies are contracted to receive FY26 Fee for Service, Purchase of Position or Grant funding.

### Domain 1 – Increased Knowledge/Resiliency

Number of **programs reporting** Domain 1

Q1: 18                      Q2:                      Q3:                      Q4:

**Total number** of active participants **receiving a service** to increase knowledge/resiliency

Q1: 5839                      Q2:                      Q3:                      Q4:

**Total number** of active participants **measured** for Domain 1

Q1: 4402                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants reporting **increased** knowledge/resiliency

**Network Target:** 81%

Q1: 66%                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants reporting **maintaining** knowledge/resiliency

**Network Target:** 17%

Q1: 24%                      Q2:                      Q3:                      Q4:

**A representation of network provider Measurement Tools used:** Brief Resilience Scale (BRS), PHQ-9, Brief Adjustment Scale (BASE-6), Columbia Suicide Severity Rating Scale (C-SSRS), and provider surveys.

**A representation of network provider Evidence-based Practices used:** Mental Health First Aid, Psychoeducation, Trauma Informed Care, Motivational Interviewing, and Cognitive Behavioral Therapy.

### Domain 2 – Abstinence/Reduction in Use

Number of **programs reporting** Domain 2

Q1: 4                      Q2:                      Q3:                      Q4:

**Total number** of active participants **receiving a service** to refrain from or reduce alcohol/drug use

Q1: 228                      Q2:                      Q3:                      Q4:

**Total number** of active participants **measured** for Domain 2

Q1: 228                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants **refraining from** alcohol/drug use

**Network Target:** 87%

Q1: 73%                      Q2:                      Q3:                      Q4:

**A representation of network provider Measurement Tools used:** Brief Addiction Monitor (BAM), Patient Health Questionnaire-9 (PHQ-9), and provider surveys.

**A representation of network provider Evidence-based Practices used:** Cognitive Behavioral Therapy, Motivational Interviewing, 12 Step Facilitation Therapy, and Harm Reduction.

### Domain 3 – Increased Level of Functioning

Number of **programs reporting** Domain 3

Q1: 21                      Q2:                      Q3:                      Q4:

**Total number** of active participants **receiving a service** to increase level of functioning

Q1: 2182                      Q2:                      Q3:                      Q4:

**Total number** of active participants **measured** for Domain 3

Q1: 820                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants reporting an **increased** level of functioning

**Network Target:** 73%

Q1: 54%                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants reporting a **maintained** level of functioning

**Network Target:** 26%

Q1: 34%                      Q2:                      Q3:                      Q4:

**A representation of network provider Measurement Tools used:** Brief Assessment of Recovery Capital (BARC-10), Inventory for Client and Agency Planning (ICAP), Brief Resilience Scale (BRS), Global Assessment of Functioning (GAF), WHO- Five Well-Being Index (WHO-5), and Brief Inventory of Psychosocial Functioning (B-IPF).

**A representation of network provider Evidence-based Practices used:** Cognitive Behavioral Therapy, Dialectical Behavioral Therapy, Motivational Interviewing, Solution-Focused Brief Therapy, Trauma Recovery and Empowerment Model, Trauma-Focused Cognitive Behavioral Therapy, Trauma Informed Care, and Housing First.

### Domain 4 – Employment & Education

No programs chose to measure Domain 4 in FY26.

### Domain 5 – Housing Stability

Number of **programs reporting** Domain 5

Q1: 2                      Q2:                      Q3:                      Q4:

**Total number** of active participants **receiving a service** to increase housing stability

Q1: 78                      Q2:                      Q3:                      Q4:

**Total number** of active participants **measured** for Domain 5

Q1: 78                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants reporting an **increase** in housing stability

**Network Target:** 63%

Q1: 38%                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants report **maintaining** housing stability **Network Target:** 37%

Q1: 58%                      Q2:                      Q3:                      Q4:

**A representation of network provider Measurement Tools used:** Global Assessment of Functioning (GAF), and Provider housing stability tracking.

**A representation of network provider Evidence-based Practices used:** Trauma Informed Care, Motivational Interviewing, Harm Reduction, and Nurturing Families.

## Domain 6 – Criminal Justice Involvement

No programs chose to measure Domain 6 in FY26.

## Domain 7 – Social Connectedness

Number of **programs reporting** Domain 7

Q1: 3                      Q2:                      Q3:                      Q4:

**Total number** of active participants **receiving a service** to increase social connectedness

Q1: 51                      Q2:                      Q3:                      Q4:

**Total number** of active participants **measured** for Domain 7

Q1: 37                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants reporting an **increase** in social connectedness

**Network Target:** 79%

Q1: 68%                      Q2:                      Q3:                      Q4:

**Average percentage** of active participants report **maintaining** social connectedness

**Network Target:** 21%

Q1: 27%                      Q2:                      Q3:                      Q4:

*A representation of network provider Measurement Tools used: Inventory for Client and Agency Planning (ICAP), and provider surveys.*

*A representation of network provider Evidence-based Practices used: Applied Behavior Analysis.*

## Domain 8 – Access/Capacity

Number of **programs reporting** Domain 8

Q1: 52                      Q2:                      Q3:                      Q4:

**Total number** of individuals served

Q1: 10474                      Q2:                      Q3:                      Q4:

**Total number** of new individuals served

Q1: 7825                      Q2:                      Q3:                      Q4:

## Domain 9 – Consumer Experience Survey

Number of **programs reporting** Domain 9

Q1: 48                      Q2:                      Q3:                      Q4:

**Total number** of Consumer Experience Surveys sought

Q1: 8148                      Q2:                      Q3:                      Q4:

**Total number** of Unduplicated Consumer Experience Survey responses received

Q1: 5316                      Q2:                      Q3:                      Q4:

**Average percentage** of Consumer Experience rating

**Network Target:** 93%

Q1: 95%                      Q2:                      Q3:                      Q4:

## Wait Lists

Total number of **programs reporting** a wait list

Q1: 10	Q2:	Q3:
	Q4:	

**Total number** of individuals on wait lists

Q1: 124	Q2:	Q3:	Q4:
---------	-----	-----	-----

**Average** length of time (in days) from first contact to initial assessment/intake

Q1: 107	Q2:	Q3:	Q4:
---------	-----	-----	-----

## Ineligible Referrals

Total number of **programs reporting** ineligible referrals

Q1: 9	Q2:	Q3:
	Q4:	

**Total number** of ineligible referrals received

Q1: 100	Q2:	Q3:	Q4:
---------	-----	-----	-----
